

## SLOT 4: COMMUNICATION MATTERS! SUSTAINABILITY AND MULTILINGUALISM

### KEY ASPECTS:

- Learning from each other
- The way we are talking about SD and the way we are communicating our ideas and values are important

### CONTROVERSIES / DIFFERENT VIEWPOINTS:

- Categories of right or wrong VS. Categories of different viewpoints
- How to appropriately translate the notion/term SUSTAINABILITY into different languages?

### NEW INSIGHTS AND/OR PERSPECTIVES:

- What is the influence of different cultural backgrounds on sustainable development issues?
- What about indigenous people and their „natural perception“ of sustainability
- Expand frameworks!!

### „SPIRIT“:

Challenging but positive

### SLOGAN/MOTTO:
